## ADVISORY FIRM KAP GROUP CONTINUES EXPANSION WITH NEW PROJECT MANAGER

RENO, Nev. (October 11, 2017) – KAP Group, the pioneering advisory firm recognized for successfully positioning private equity managers to attract and retain institutional capital, continues to grow its team with top talent, today announcing the addition of Jessica Hacker as the latest project manager to join the firm.

Previously with global private equity firm Warburg Pincus, Hacker served in several roles, most recently as associate of fundraising & investor relations, creating marketing collateral and diligence materials to support fundraising efforts for the firm’s flagship growth fund and two companion funds representing more than \$15 billion in institutional capital. Hacker also spent six years as senior information specialist, providing strategic market research services and macroeconomic insights to the firm’s investment professionals.
